I do want to respond to the state with our remaining (or continuing) concerns with their plan. We will also end up having to vet the comments thru Pat and the RO before sending and I imagine they will word smith some of our response for us. I would like to avoid actually endorsing the plan or not. Just FYI - I've gotten some mixed signals from some state folks as to if this plan version is the last take it or leave document.

Larry, what's our plan for the newest State Sage Grouse plan? Did you want to send written comments again?
We're headed to visit Larry's Mom at the hospital right now, but I may work on it some this afternoon. But I don't want to spend time on written comments unless that's the gameplan.
Laura.
