Based on yours Richard's and Ren's schedule they are pretty firm.

Got your vm – and THANK YOU very much. We will likely need to tap into your folks for the fire issue. I think you saw my reply to Gary.

Mike Thabault is scheduling the sage-grouse summit. I believe he is zeroing in on the last three days of January in Salt Lake. I am glad you will try to attend! Mike, will you let Richard us know if those dates are firm.

Debbie is working with your office to schedule the eagle meeting, either before or after the WAFWA meeting, and Casey Stemler is the lead for developing the agenda. You or your folks will hear from him soon.

Thanks again!
