Date: Wednesday, May 28, 2014 1:43:36 PM

Hi Steve -

Your timing is incredible - I was just working on this. I will not be attending the meeting, but Jay Martini of our UT office will make the presentation (he is our sage-grouse biologist there). We are having a conference call Monday afternoon to get organized - you are welcome to join us if you wish.

So count on Jay being there. My apologies for not being able to be there in person.

Hi Pat,

Is it still looking like you can join the Project Leaders meeting?

Thanks!

Hi Pat,

Thanks for the update. Hope it all works out so you can join the meeting!

Hi Steve -

Thanks for the update. I do have a potential snafu as I have to have knee surgery and its looking more like the end of June (long story, not very interesting). However, I am working on a work-around in case that happens (which would be a bummer as I was really looking forward to this). I will let you know as soon as I do - maybe as early as Friday.

Hi Pat,

Just wanted to let you know that the date/time for your presentation remains

unchanged. Your 30 minutes includes question/answer time. The team expects to have the schedule finalized by late next week, as well as providing guidance on travel, etc. Please let me know if you have any questions, and thanks again for finding the time to join the meeting!

Pat,

Thanks for your willingness to participate at the Region 6 Project Leaders Meeting in Ogden, UT. The dates of the meeting are June 23-27. Presentations will take place 24, 25, 26 (Tues-Thur). Right now the Planning Committee has the grouse presentation scheduled for Thursday, June 26 at 0730-0800. We have been directed to keep the costs low, so speakers are generally limiting themselves to 2 days. In your case I'd assume you would travel on Wed, and speak and travel on Thursday. We can discuss those details in the near future once the dust settles. Please let me know if you have any questions, and thanks again!

Best,
Steve
