All,

Update on Zephyr Transmission Project.

Provided BLM and Galileo Project, LLC (BLM's admin record contractor for the Zephyr Transmission Project) with sample intra-government orders articles, reimbursable agreement and Section 7 consultation agreement. Also provided BLM with a copy of the FWS letter from Region 6, Regional Director to Rick Cables, Colorado Division of Wildlife regarding the preliminary proposed alternative routing for the Trans West Express, Energy Gateway South and Zephyr Transmission lines across the Tuttle Ranch Conservation Easement in Colorado.

Hi, All,

In the event that there is no furlough and we are all coming to work on Wednesday, I am sending out the agenda today. Doug Young has graciously offered to take notes during our meeting. Please send your project updates (word document? email? these will be incorporated into the meeting notes) *to the entire group today* for review prior to Wednesday's call.

Call in: 1-866-650-7570
Passcode: 889-6811

Agenda:

1) Review/Q&A project updates. Share any major changes or issues. Ask questions about

the status updates that were mailed out earlier this week.

2) Important issues and topics.

- a) Legal finding on the Oregon North Steens Transmission Line - Greater sage-grouse (attached; Doug/Stef)
- b) IIP Process (attached; Rachel)

3) Others?

Thanks, and I hope that we are all still working on Wednesday and carry forward with the awesome work that we do!
