Thanks to those that have made their updates, if you had issues last week, please save them to the main document instead of a separate document. Jesse has checked the link below, so hopefully this link will work and you can directly save your changes now. By COB tomorrow. Thanks.

If you have not checked or updated that state planning efforts tracking document in the last 2 weeks, please review and update that information by NLT noon Friday, Sept. 6. FWS leadership have a briefing for the Secretary next week and they have requested up-to-date information for that briefing. Please call if you have any questions. Thank you in advance for your prompt response.
