Hi Matt -

Thanks for the call today. I do want to get a little more clarity on a few of the questions we sent for the meeting with Mark.

RE: Monday, I have an 8:30 am appt in Haverhill - but should be able to be back at my desk by 10:ish. Do you have a half hour between 10 and noon or 1 pm?

If not, what works for you?

I'm scheduling a few meetings that afternoon but right now those times are not confirmed so could work around it.

Thanks!

Hi Rochelle,

Let's get a meeting on the calendar -- while I have not received final word on the appraisal, I can still share several updates. For me this week, Thurs at 11a is good, or Fri at 09:00. Failing that, Mon the 13th is wide open. Let me know what works!

Hi Matt-

Know you wanted to wait for a few weeks to hear back from AVSO but is there a reason we can't cover some or the rest while it's fresh? A new appraisal is likely to be similar to what we are working with now. In any case, whether a little less or a little more we hope that would not stop the process for land search and vetting.

If so, I could speak tomorrow am before noon -- or Monday which is flexible but for being penciled in for a client around 10-111 am.

It's ok if you want to wait, just putting the thought out there.

Have a great afternoon,
Rochelle

Hi Rochelle,

Let's pause on our next meeting. Reason being is that Bill Porter is right now communicating with AVSO as the Pink House's appraisal is >2 yr old. We are awaiting notification as to whether we may proceed with the current appraisal OR if we need to order a new one given market conditions (fingers are crossed for the former option). Pending the outcome, that will affect our timeline and process moving forward. Bill did not anticipate it would take them any more than 2 weeks to get the answer.

I'll be in touch as soon as I have that important update to schedule our next meeting.

Matt

Me again - - Murphy's law. Soon as I sent that I realized I forgot one:

Are other states being searched yet? If not, when can that begin – and is that limited to our NE region?

Thanks again!
