Dave, please send this email to the volunteers instead of last email aquaculture email that I sent you. It includes the information on the public comment period they were interested in.

Please cut and paste it to a new email so they don't have to wade through this commentary and use the subject: Aquaculture in Dungeness NWR: Public Comment Period

Clallam County seeks comments on a Shoreline Permit Application from Jamestown S'Klallam Tribe for a Commercial Aquaculture Operation within the boundary of Dungeness National Wildlife Refuge. The proposed operation is located on 50 acres of tidelands in the northeast corner of Dungeness Harbor.

Comments Due: April 27, 2017
