Hello Jennifer,

Before DNR could offer a new lease to the Tribe, all necessary, local, state, and federal permits would need to be secured (Per [WAC 332-30-122\(1\)\(c\)](#)). It's my understanding that the Clallam County permit process has been postponed. I am deferring additional work on this application until I receive word about permits.

I'm certainly available to discuss any aspect of this application if you wish. My number is 360-301-0422.

Sean Carlson

Washington State Department of Natural Resources (DNR)

Subject: Leasing Process Question

I am checking in on the Jamestown S'Klallam Tribe Commercial Aquaculture Lease process to find out where DNR is in the process. At what point would the Service, as a Use Easement holder, be contacted for input?

Thanks for increasing my understanding of the process.

-jennifer
