Sounds like you have it in hand. Based on your conversation, let me know if we need to elevate and I need to talk with whoever they might identify.

I just finished my summary to Robyn and Hugh of the call I had with Hansi and was just about to forward to you and Charlie FYSA. Call me if you have any questions.

Thanks and please take care,  
Christine

I plan to explain our concerns related to inconsistency of the leased activity with Refuge purpose (i.e., timing); that we want to work with DNR and the Tribe to identify an approach

that is consistent; and let him know that our regional folks may be reaching out to their Division lead to discuss our concerns and the need to maintain consistency as well.

If you could provide the bullets that you and Hansi discussed, it would help ensure that I don't share something with DNR that was not shared with the Tribe.

Of course, you are always welcome to join us.

Wishing you a wonderful evening.

I have a call scheduled with Sean Carlson, DNR Aquatic Lands Manager for Puget Sound, at 9am tomorrow morning. It was his earliest available time.

Hi Jennifer,

I confirmed with Hansi today that we will talk at 3pm today. So you can reach out to DNR after this to set up similar conversation with them.

I have some meetings right after but can call after to download the conversation as well (might not be until 5pm though). I'll be on AL tomorrow, but if needed, you can call my cell. I'll be on the road starting around 11am until late afternoon though.

Thanks and please take care,  
Christine
