I will be meeting with Hansi Hals, Natural Resource Director; Liz Tobin, Shellfish Biologist; and Dianna Bob; Council Attorney either Tuesday or Wednesday of next week. According to Hansi, they would like to explain what they are attempting to accomplish with the aquaculture project, discuss the suggested conservation measures that we provided in our letter to the county, and provide some background about the Shellfish litigation relating to the lease and on the historic use of the area.

Our biologist and Deputy Project Leader are in the San Juans for surveys, so I will be the only Refuge staff in attendance.

Just wanted to keep you in the loop.

-jennifer
