Thanks Jennifer. This is helpful. What is the lease for and what is the CD for? And just reconfirming that the lease was executed with closure requirements in it (hence the exhibit B stipulation).

Thanks and please take care,
Christine

Subject: Leases since CD signing

DNR just confirmed that the 2007 lease is the only one executed since the CDs were first signed (1997). Exhibit B of the lease requires "*The Tribe will confer with USFW before conducting activities on the lease outside this [May 15 – July 30] window*". The lease was renewed in 2015.

The previous lease was executed in 1990.

Just wanted to make sure you have accurate information.

Thanks for taking the time to understand this super complicated issue. I know you have a lot on your plate.
Your assistance is greatly appreciated.
