Is a duplicate letter also being sent to a tribal contact?

I guess I'm confused by the title of the document saying "Letter to WDNR and Tribe" - are there 2 letters or just one to WDNR?

9/9/21 4:12 PM

Just one to WDNR.

My POC is saying, "It could be that Robyn will want to include the tribes but for now ... no"

Johnston, Chanelle M 9/9/21 4:16 PM

That's fine. The file name is just confusing. And if there were 2 letters, we need to see both of them, not just a draft of one. Or if the Tribe was going to be sent a copy, the cc needs to be noted.

The last paragraph also mentioned working cooperatively with WDNR and the Tribe... so to me that's kind of confusing too if we aren't send a letter to the Tribe. But I'll ask Hugh about that.

Apologies--this one was a bit rushed so hopefully Hugh can weigh in on whether the separate response is necessary.

Johnston, Chanelle M 9/9/21 4:24 PM

Ok, I made some edits and have notified Hugh it's ready for his review.

Thank you so much for your help!

Hi Charlie, for that letter about Dungeness, is anything getting sent to the tribe?

Stenvall, Charlie 9/9/21 4:11 PM

Also, I noticed that on the FOIA request, all email records and correspondence related to the JST Dungeness Bay Oyster Farm by USFWS Dungeness NWR staff are requested..(with various parties). Assuming this is the case, then only messages between you and Jennifer/other NWR staff would be considered in this request, if I follow correctly.

John did seem to want your emails as well, so I can check with him.

I can see your inbox but I don't think I can see your oyster folder.

I tried again - let me know

12/21/21 11:24 AM

What is the name of the folder?

Dungeness Oyster emails

12/21/21 12:27 PM

I didn't get very far with trying to access the subfolders on my end, so I've submitted a helpdesk ticket.

Diep, Jason K 12/27/21 9:32 AM
Who is the user your trying to access.

12/27/21 9:32 AM
Kevin Foerster

12/27/21 9:44 AM

Kyle just gave me instructions on how to access the subfolder again, but is running into the same issue that I am encountering and is pretty certain that it is a higher level com issue.

Diep, Jason K 12/27/21 10:06 AM
Can you send those instructions to me

12/27/21 10:16 AM

Diep, Jason K 12/27/21 10:20 AM
Is there a specific name for the shared mailbox

12/27/21 10:21 AM
It is called "Dungeness Oyster emails." I've tried searching for that, too.

Diep, Jason K 12/27/21 10:30 AM

Do you know if Kevin gave you access.

12/27/21 10:30 AM

He says that he did using OWA and adding me to his permissions.

For the record, I was able to access his inbox but can't see any of those subfolders.

JD

Diep, Jason K 12/27/21 10:31 AM

I think Kevin also has to give access to those folders as well

each folder that you require access to

12/27/21 10:32 AM

Hmm... I thought so too, but even when he gave me access to the Dungeness Oyster folder I can't seem to open it on my end.

So I don't want to ask him to share all folders if it won't actually show on my end without IT intervention.

12/27/21 10:35 AM

Hi Charlie, did you have anything to report for the Dungeness Oyster issue in the RD/DRD briefing notes?

April 14, 2022

Stenvall, Charlie 4/14/22 7:07 AM

That isn't anything that I will be reporting on again as a monthly item. It's in Robyn's hands and she is doing her own thing with it.
