Subject: wolf - coordination with federal land management agencies
Date: Friday, June 10, 2022 8:38:08 AM

Good morning. I wanted to follow up with you about federal coordination related to ESA issues for current wolf management or the 10(j). I appreciate Reid taking the lead initially to bring this group together. I expect more regular coordination on various issues as we initiate NEPA scoping. Below is a link to a poll to find a time in the next few weeks to get together. If you have specific questions you'd like to cover in the meeting, please share those and we'll put together a draft agenda.

If you have urgent questions, please send me a note or give me a call. I look forward to working with you all.
