

## Restore the Farallones

---

### Partners

The U.S. Fish and Wildlife Service and Point Blue Conservation Science are working together to protect the internationally Endangered Ashy Storm-petrel and other seabirds from further population decline by removing invasive house mice from the Farallon Islands.

#### Mission statement of partner organizations:

##### [U.S. Fish and Wildlife Service](#)

The mission of the U.S. Fish and Wildlife Service is working with others to conserve, protect, and enhance fish, wildlife, plants, and their habitats for the continuing benefit of the American people.

##### [Point Blue Conservation Science](#)

Point Blue Conservation Science advances the conservation of birds, other wildlife and ecosystems through science, restoration, outreach and partnerships. Our highest priority is to reduce the impacts of climate change, habitat loss and other environmental threats while promoting nature-based solutions for wildlife and people.
