Hi Polly & Stacy - FYI, our briefing to Jody today went well and we got great feedback from her on the presentation and the briefing process (Paul had to attend a water meeting). She anticipates that Paul will have Gerry give the presentation to the Review Team so we'll be prepared accordingly.

I just wanted to let you know that she thinks we may need to pre-brief Margaret Everson, but she'll talk to Paul first and let us know if we need to set that up.

And thanks again for the awesome support from Patricia and Mark!

Thanks,
Anne
