Hi Gerry and Jonathan,

I meant to send this to you earlier but got caught up in some other projects. Gerry I incorporated your last round of comments and changed the reporting of salamanders/m2 instead of /cm2 to make the data more “readable”.

We have finished up the 2015 salamander rain year and I am in the process of updating the excel files to include the entire time period for the final report due in September. I will be working on this on and off over the summer to get it into the format and shape we discussed at the meeting.

Thanks and hope you two are doing well,

Ryan
