**Subject:** INTERNAL & External FAQ: Farallon Mouse project

Hi All,

Attached are 2 documents: INTERNAL FAQ and External FAQ on the project (the External FAQ is what I gave Zach for the website).

**Neither of these documents are for circulation at this time (other than the use of the External FAQ on the website).**

My suggestion for your use of these two documents:

- Read the **INTERNAL FAQ** to get a sense of the full range of questions & issues that have been raised at one time or another by supporters, critics, reporters, etc.

We have answers for all of these questions, but we don't expect to get asked all of them--and we don't raise difficult questions that aren't asked.

- The **External FAQ** are your best guide for how to talk about this project and stay on message (coming back to: the threats posed by the mice, the expected benefits of restoration, and the measures we have taken and would take to ensure safe, targeted eradication).

Feel free to follow up w/ any questions, comments, suggestions.

Thx!

Doug
