**Subject:** Availability for a Briefing on Final EIS for South Farallon Islands Invasive House Mouse Eradication Project

Hi Wanda,

We are trying to scope out potential dates to brief Paul on the Final EIS for the South Farallon Islands Invasive House Mouse Eradication Project. Could you let me know any potential dates/times he currently has available for a 30-min briefing during the first two weeks in December? The briefing would be here in the RO (we would need a conference room).

Thanks!

Mark
