Mark - the current plan is that I will file the revised DEIS with EPA on September 30th (we have until October 4th to file). However, if we are not done with the revised DEIS on the 30th, then I will not be able to file it until after the 4th because I am on AL Oct. 1-4. If it is not completed by the 30th, could you or Sandy file it with EPA? To file it you need to use their electronic filing system and register for an account if you don't already have one.

Thanks,
