06.22.22 Rep. Huffman Lt to USFWS re Farallon Islands.pdf; outgoing.077169.Farallones.Huffman.docx;

Hi all,

Please find attached for your review and input the draft response letter to Congressman Huffman regarding his correspondence on invasive mice and the Farallon Islands. We were not given a deadline, have not seen congressional letters move quickly, and are heading into a long weekend, so can you please let me know if you have any comments or edits by the end of next week?

Thank you,

Lauren
