I met with Maria Brown and Karen Reyna yesterday about our overflight permit application. Permit application info can be found at:
<http://farallones.noaa.gov/eco/permits/permits.html>

We will want to request a permit for a one year period, but with specific dates of activities and what those activities will be. If something changes, permit can be amended more easily than applying for a new permit.

If you can get a start on this, that would be very helpful. Permit will be for research. Please draft something up and send to me as soon as possible so we can get submitted.

Thanks.

Gerry
