Gerry:

Attached are my edits to the Section 7 consultation request.

Gerry, once you accept these changes, you might call/email Joy and Carolyn and Patricia to ask whether this needs to go through them or other R.O. or ES review prior to going out to Monica. I'm unsure of the internal USFWS process in this case, but either way let's try to get this out in the next day, as this could be the most crucial (and lengthy) aspect to getting the trial done this year.

Thanks!

Dan
