---

Hi Gerry,

I apologize for the delay in send you the revisions to the Lukenback budget. I have been in Haida Gwaii the past couple of days for meetings without phone or internet access. It felt like going back to the caveman days!

As discussed in your last phone call with Brad, I have reduced the overall cost of the project budget. The changes made are reflected in the attached spreadsheet representing costs for all project partners. The bulk of the changes include cost reductions to project staff and communications, with specific dollar amount changes summarized in the "changes" tab in the spreadsheet.

Please give me a call should you have any questions about this budget. I am travelling back to ANC tonight and can be reached by cell or email tomorrow.

Thanks for continuing to push this forward. I recognize the budgets have been nothing but a headache, but hopefully we can start putting this money to good use!
