---

Hi Gerry,

As part of our safety plan, we need to designate a point of contact for USFWS (not a media POC), in the event of an emergency. Can you designate someone at USFWS who could fill that role?

This should be a single person:

- Based on the mainland
- Reachable for the duration (i.e. not on vacation)
- Who is able to receive and disseminate information within USFWS (this person might contact next of kin directly or they might deliver information to whomever is tasked with that job)

Dan had suggested that John Bradley might be the best person. Let me know if you have questions on this request. Also, let me know what you decide and what contact details we should include in the plan.

Best,

Maddy
