Gerry:

A few quick questions for you RE USDA-APHIS and Refuges from Maddy and I:

1. Have you forwarded Cheryl Strong and Brian Popper the action items from the July 11 meeting?
2. Will Brian/USDA be able to help us out gratis?
3. Has Cheryl followed up on her action items (SFBBO, landfill hazers, dogs, etc)?
4. **Could you please call Dennis Orthmeyer** ASAP and ask if you can count on his crew for some supplies and staffing like last year?
We will coordinate the details if you can get him to "yes". Jim Lochler, Dereck Milsaps and others from LAX would be good to have for a week or so.
5. If we have to get helicopter fuel out to the island, how is that best done? (slingload from the chopper, or via a boat?)

Thanks -

Dan Grout
