Gerry, Russ:

I'm back in the office and in serious EIS-writing mode. I hope all has settled down from the last couple weeks of Farallon sail race developments.

I was wondering what your schedules look like this week so we can discuss some issues and schedule a June meeting.

Please respond via email what times might work for you. I might be in Petaluma this Thursday or Friday.

Also, check out this article on Peter, one of the pilots we often use for our projects...he's the best:
