Gerry, Gabrielle:

This final draft of the IHA looks good, with the exception that the "DRAFT" watermark is still embedded in it. If you can remove it prior to sending it off to Monica, that would be preferable. I'll review the revised Section 7 from Monday that Gabrielle mailed and will let you know if I have any comments on it later today. It should go out today if possible.

Hi Gerry,

I have attached two versions of the IHA, one that is in tracked changes and one that is clean with all changes accepted. I have also included a revised version of the Section 7 information packet with updated information from the IHA application. Please let me know if I can be of further assistance in getting these applications submitted. Thanks,

Gabrielle

Gabrielle:

I've reviewed the edits in Gerry's track changes IHA version from Friday evening. It looks good to

go. If you could proof the clean version and save as final (take watermark out, etc) and send back to Gerry so he can submit this today, that would be great. Next up on the list today should be the Section 7 changes, so that can go out from Gerry's office today too.

Thanks for your attention to this. I will be out of the office today (flu) but will be reachable at times between doctor's visits if you need to call for any last-minute questions.

Attached is the draft final IHA. I incorporated Dan's new language on helo ops, with some edits. Two versions included: one showing edits, one with changes accepted (no edits). What it needs is a proof-read of the clean version. If you make any further edits, please do so in the clean version, using track changes.

Didn't have time to get to the Section 7 today.

Thanks for everybody's help.

Gerry
