Dan,

Looks good. Would like to send out a draft agenda for next Wed's meeting today. How long should we give for the actual presentation? Hopefully it's no more than 1/2 hour.

Gerry

Subject: Draft agenda for Friday's Jan. 13 Farallon  
Mouse Project Partner Meeting

**Hi Team!**

Attached is a **Draft Agenda** for our Farallon Mouse Project Partner Meeting Friday (tomorrow!) in Santa Cruz at Island Conservation Headquarters: **100 Shaffer Road, Santa Cruz, 95060.**

You will be getting a copy of the **Draft Alternative Report** and **Draft Power-point** from Gabrielle or I later today (with call-in info for some).

We are on the north end of Santa Cruz less than a mile west of Hwy 1 (Mission Street). Take Western Drive south off Mission, then turn right (west) onto Delaware and drive to the very end and go through the gate into the Long Marine Lab area. Look for the Island Conservation sign on the fence to your right as you pass the first building (CDFG). If you see green houses, you've driven a few yards too far. We are next to the large marine mammal tank. If you need driving instructions you can call me on my cell when you get close.

Feel free to call or email me today if you have any questions or suggestions for the agenda. We are looking forward to hosting you all. See you at 10am on Friday!
