---

Hi Gerry,

Thanks for getting back to me. I will be looking forward to receiving these items on Monday. Also, I was looking through the alternatives report, and we still need your bio. Can you please add that to your list? Thanks,

Gabrielle

Gabrielle,

Sorry for the continued delays getting these to you. I'll be in training most of today but will be working on these over the weekend to get these to you by Monday. Jonathan completed a draft of the biosecurity plan that I need to review before sending to you.

Gerry

Subject: Needed items for the EIS

Hi Gerry,

Dan and I are working very hard to prepare the DEIS and are waiting on a few items from you and Jonathan. I was hoping that you would be able to get those items to me by the end of this week or early next week, so that we can stay as close to the timeline as possible. We are waiting to receive the following items:

1. List of regular maintenance on the islands
2. List of any likely future projects including any planned construction, restoration projects, etc.
3. Review of the 'products' in the Alternatives Analysis (we especially need you to review the control vs. eradication and the rat vs. mouse sections)
4. Draft Biosecurity Plan

Please let me know when you will be able to get these items to me. Thank you,

Gabrielle
