Hi Gerry and John, Attached is the new draft of the report (Ver4). I tried to highlight all my changes in yellow, but I may have missed a few! There are a lot of changes and additions, clarifications, etc. I added a lot more analyses and two tables showing the cricket consumption for the two trials. I also added a concluding paragraph.

I am also attaching my responses to the three external reviewer comments using their WordDocs as the basis.

Let me know what you think.... I assume no word from Vance...no surprise there! Later, Gary
