Period of Performance

The overall performance period of this award is April 1, 2014 through March 31, 2019. This is the period of Federal sponsorship. This project will be funded incrementally over time. Based on availability of funds, the Service will provide funds to Point Blue annually, or more often if necessary, to accomplish and enhance the public benefits incorporated in this agreement. Biological monitoring tasks include, but are not limited to, monitoring of seabird breeding population sizes and reproductive success, marine mammal population sizes and pup surveys, salamander distribution and abundance, cricket distribution and abundance, burrowing owl abundance, and seabird depredations. Stewardship tasks include Refuge violation surveillance and reporting, conducting regularly scheduled inspections and maintenance of Refuge equipment and facilities, and assistance with Service staff and visitor access to the Refuge. For each increment of funding, Point Blue will need to be up to date on all reporting requirements and submit the most current versions of the following federal forms: 1) SF424 Application for Federal Assistance; and 2) SF424A Budget (Non-construction programs).

The funding period for **this segment** of this project is April 1 through November 31, 2017. The total amount of USFWS funding available for this segment of this project is \$91,602. Only allowable costs resulting from obligations incurred during this funding period may be charged to this award.

The Service may revise this award over time to add new funding for each subsequent project segment. Each project segment will be assigned a specific funding period, during which only allowable costs resulting from obligations incurred during the specified funding period may be charged to this award.

All obligations incurred under the award must be liquidated no later than 90 calendar days after the end of the performance period, unless the Service approves a final financial reporting period extension (see Reporting Requirements section below). If you need more time to complete project activities, you must submit a written request to the Service Project Officer identified in the Project Contacts section below 30 days before the end of the stated performance period (see Project/Program Plan and Budget Revisions section below).

The Service's obligation to provide incremental funding up to the total anticipated award amount is contingent on: 1) satisfactory Recipient performance and 2) the availability of funds. No legal liability on the part of the Service exists unless and until the Service obligates funds and notifies the Recipient in writing that funds are available for the purposes of this award.

Conflict of Interest Disclosures:

Recipients are responsible for notifying the Service Project Officer in writing of any actual or potential conflicts of interest that may arise during the life of this award. Conflicts of interest include any relationship or matter which might place the Recipient, the Recipient's employees, or the Recipient's subrecipients in a position of conflict, real or apparent, between their responsibilities under this award and any other outside interests. Conflicts of interest may also include, but are not limited to, direct or indirect financial interests, close personal relationships, positions of trust in outside organizations, consideration of future employment arrangements with a different organization, or decision-making affecting the award that would cause a reasonable person with knowledge of the relevant facts to question the impartiality of the Recipient, the Recipient's employees, or the Recipient's subrecipients in the matter. Upon receipt of such a notice, the Service Project Officer in consultation with their Ethics Counselor will determine if a conflict of interest exists and, if so, if there are any possible actions to be taken by the Recipient, the Recipient's employee(s), or the Recipient's subrecipient(s) that could reduce or resolve the conflict. Failure to resolve conflicts of interest in a manner that satisfies the Service may result in any of the remedies described in 2 CFR 200.338, Remedies for Noncompliance, including termination of this award.

Other Mandatory Disclosures:

Recipients and their subrecipients must disclose, in a timely manner, in writing to the Service or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting this award. Non-Federal entities that have received a Federal award including the term and condition outlined in 2 CFR 200, Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters are required to report certain civil, criminal, or administrative proceedings to SAM. Failure to make required disclosures can result in any of the remedies described in 2 CFR 200.338, Remedies for noncompliance, including suspension or debarment (See 2 CFR 200.113, 2 CFR Part 180, 31 U.S.C. 3321, and 41 U.S.C. 2313).
