Subject: outreach for relocation sites
Date: Thursday, February 10, 2022 10:19:00 AM

Lydia,

We participated in the BDNF FLT yesterday about the relocation sites and it went well. Now that each forest has had an initial meeting I think it's time to set up a team of folks to work on the public outreach. Do I remember correctly that you have someone from your office that you'd like to participate? In addition, I think it'd be good to have a representative from each of the forests, the Lolo, Bitterroot, Helena-Lewis and Clark, and the Beaverhead-Deerlodge. We will also have our external affairs person from the RO participate.

Thanks!

Jennifer
