Jamie Jonkel

 and  did set for the two bitterroot bears last night but no action at the traps.

JJ

Thanks all

Hilary Cooley

ThAnks Jamie. Do you know if they are still in the area?

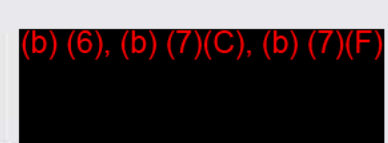

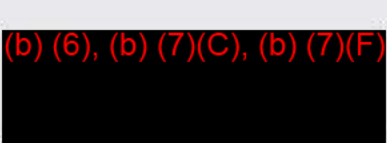

HC

Lori Roberts

Jamie. Do you want to switch the programming of a couple of those collars to include a bitterroot geo fence?

LR

Jamie Jonkel

 thinks they may have moved back North over to tie chute creek apples, but that's really just a short ways from where they are now.  is gearing up to set a second trap over there.. But ironically this is the time his truck has started acting up so we have to get it in the shop.
